The application has been amended as follows:

In the Specification, page 12, in-between lines 13 and 14, inserted "Figure 1: Reaction sequence showing preparation of ligands".

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Applicants process for converting parafins to primary alcohols is unobvious over the prior art of record because the prior art of record does not teach or suggest the sequential steps of converting parafins ultimately to primary alcohols. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
